Has there been delay in seeking dental advice, for which there is no satisfactory explanation? YES / NO

Does the history change over time or not explain the injury or illness? YES / NO

When you examine the child, are there any injuries that cannot be explained? YES / NO

Are you concerned about the child's behaviour and interaction with the parent/carer? YES / NO

If the answer to <u>any</u> of these questions is YES you should discuss with a senior colleague and follow local child protection procedures. If <u>all</u> the answers are NO then diagnose and treat as normal.
